

How to enter your program's Student Learning Outcomes

Log in to Tk20:

1. Navigate to gmu.tk20.com
2. You will see a George Mason University Shibboleth Login screen
3. Enter your NetID and password (same as what you use to access your email, PatriotWeb, MyMason)

View the program's Student Learning Outcomes:

1. Click on Planning tab at the top of the screen
2. Click on Outcomes/Goals on the side bar navigation
3. Select the organization (degree program) you wish to view

The screenshot displays the Tk20 web application interface. At the top left is the George Mason University logo. The top right corner contains 'Help' and 'Logout' links. The main navigation bar includes 'Home' and 'Planning' (highlighted with a red circle). The left sidebar shows 'Assessment Planning' with a double arrow icon, and 'Outcomes/Goals' (highlighted with a red circle) containing sub-links: 'Unit Dashboard', 'Mission', 'Browse', 'Edit/Create', 'Search', 'Assessment Planning', 'Curriculum Maps', and 'Reports'. The main content area is titled 'Outcomes/Goals' and features an 'Organization:' dropdown menu (highlighted with a red circle) currently set to 'CHSS : BA Russian & Eurasian Studies'. Below the dropdown is a breadcrumb trail: 'George Mason University > College of Humanities and Social Sciences > Humanities & Social Sciences > CHSS : BA Russian & Eurasian Studies'. A 'View By:' dropdown is set to 'Student Learning Outcome', with a link to 'View Disabled Student Learning Outcome'. A table header is visible with columns 'Student Learning Outcome', 'Type', and 'Category', followed by the text 'No Student Learning Outcome associated with this organization.'

To add a Student Learning Outcome:

1. Click on Edit/Create under the Outcomes/Goals heading on the side bar navigation
2. Click on Add Student Learning Outcome

Student Learning Outcome Definition

Student Learning Outcome*

Description [Rich Text Formatting](#)

Students will be able to apply the methodologies of one or more social science disciplines to an understanding of contemporary Russia/Eurasia by successfully completing one or more essays or projects that make use of these methodologies to analyze contemporary Russia/Eurasia.

Type: Student Learning Outcome

Results:
 Results are derived from its own measures.
 Results are derived from data collected for other outcomes/objectives/goals.

[Advanced >](#)

4. Leave "Type" and "Results" fields as-is
5. Click Save at the bottom of the screen, or Save and Add Another if you are entering multiple outcomes

The screenshot shows a web interface for creating a Student Learning Outcome. On the left is a sidebar with the following menu items: Edit/Create, Search, Assessment Planning, Curriculum Maps, and Reports. The main form area is titled "Student Learning Outcome" and contains the following fields:

- Outcome***: A text input field containing "Apply social science methods to the study of Russia/Eurasia".
- Description**: A rich text editor containing the text: "Students will be able to apply the methodologies of one or more social science disciplines to an understanding of contemporary Russia/Eurasia by successfully completing one or more essays or projects that make use of these methodologies to analyze contemporary Russia/Eurasia." A "Rich Text Formatting" link is visible in the top right of the editor.
- Type**: A dropdown menu set to "Student Learning Outcome".
- Results**: Two radio button options:
 - Results are derived from its own measures.
 - Results are derived from data collected for other outcomes/objectives/goals.

Below the form is a link labeled "Advanced >". At the bottom of the page are three buttons: "Save" (circled in red), "Save and Add Another", and "Cancel".
